The Packing Book Jun 03 2020 Fully updated for the 21st-century traveler, this definitive packing guide will empower overpackers to throw down their brick-like suitcases and become carry-on pros. The Packing Book reveals the secrets of packing efficiently, with time-saving tips, techniques, and technologies. Packing consultant Judith Gilford describes her famed Bundle Method step by step, so that every carry-on hopeful can achieve wrinkle-free, space-saving perfection. This edition also addresses new carry-on security concerns and guidelines, including what you can and cannot take on the plane. Complete with packing checklists for every kind of journey, The Packing Book will prepare you for beach vacations, business trips, European excursions, and more—without leaving you weighed down, wrinkled, and weary. From the Trade Paperback edition.

Economic Effects of the 1918 Influenza Pandemic Oct 27 2019 The possibility of a worldwide influenza pandemic in the near future is of growing concern for many countries around the globe. Many predictions of the economic and social costs of a modern-day influenza pandemic are based on the effects of the influenza pandemic of 1918. This report begins by providing a brief historical back-ground on the 1918 influenza pandemic, a short-lived, but tragic event. Detailed influenza mortality statistics for cities and states are presented which provide insight into mortality differences based on race, income and place of residence. Next, anecdotal evidence on the economic effects of the 1918 influenza are reported using newspaper articles published during the pandemic. This report also includes a survey of economic research on the subject, and a list of the likely economic effects of a modern-day influenza pandemic. Tables and figures. This is a print on demand report.

Home Apr 01 2020 An epic historical saga, Home expands Oscar-nominated documentary The Act of Killing's scope to delve into Indonesia's tragic 20th century Women and Community Action Sep 18 2021 Including case studies to illustrate the topics discussed, this title highlights women's role in a community's growth and development, taking into account the considerable changes in society since the first edition.

The Digital Banking Revolution Apr 13 2021 Emergent innovative financial technologies are profoundly changing the way in which we spend, move and manage our money, unlike ever before, and traditional retail banks are facing stiff competition. The global financial crisis in 2007–2009 led to large losses, and even the collapse of a significant number of established banks shaking the trust of financial customers worldwide. The Digital Banking Revolution is an insightful look at how financial technology and the rapid rise of financial technology companies have brought welcome changes offering flexibility to the banking industry. The book offers a unique perspective on the consumerization of retail banking services. It delves into the many changes that financial innovations have brought about in banking, the main financial disruptors, the new era of "banking on the go," and financial innovations from countries around the world before concluding with a discussion on the future of banking including optimizing structures, new strategies for business outcomes, and human resources in the digital era.

Introduction to Biometrics Feb 21 2022 Biometric recognition, or simply biometrics, is the science of establishing the identity of a person based on physical or behavioral attributes. It is a rapidly evolving field with applications ranging from securely accessing one's computer to gaining entry into a country. While the deployment of large-scale biometric systems in both commercial and government applications has increased the public awareness of this technology, "Introduction to Biometrics" is the first textbook to introduce the fundamentals of Biometrics to undergraduate/graduate students. The three commonly used modalities in the biometrics field, namely, fingerprint, face, and iris are covered in detail in this book. Few other modalities like hand geometry, ear, and gait are also discussed briefly along with advanced topics such as multibiometric systems and security of biometric systems. Exercises for each chapter will be available on the book website to help students gain a better understanding of the topics and obtain practical experience in designing computer programs for biometric applications. These can be found at: <http://www.csee.wvu.edu/~ross/BiometricsTextBook/>. Designed for undergraduate and graduate students in computer science and electrical engineering, "Introduction to Biometrics" is also suitable for researchers and biometric and computer security professionals.

The Ethnographic Interview Aug 18 2021 A must-read classic for anyone—academic ethnographers to market researchers—involved with data collection from individual human beings. The Ethnographic Interview is a practical, self-teaching handbook that guides readers step-by-step through interview techniques commonly used to research ethnography and culture. The text also shows how to analyze collected data and how to write an ethnography. Appendices include research questions and writing tasks.

Bofuri: I Don't Want to Get Hurt, so I'll Max Out My Defense., Vol. 1 Jan 03 2023 IS SHE THE GAME'S LAST BOSS?! Though she doesn't play many MMOs, Maple has either a natural talent or impossibly good luck, because by pouring every last stat point she has into Vitality, she's created a character who can't be hurt! Whether it's physical attacks or magic or status effects, nothing poses a real threat. In no time at all, news spreads across the server about the adorable terror who can't be defeated. While Maple may just be having fun, her broken build is sure to attract lots of unexpected attention...

Rural Development Jan 23 2022 Rural poverty is often unseen or misperceived by outsiders. Dr Chambers contends that researchers, scientists, administrators and fieldworkers rarely appreciate the richness and validity of rural people's knowledge or the hidden nature of rural poverty. This is a challenging book for all concerned with rural development, as practitioners, academics, students or researchers.

Courting Reform Mar 13 2021 Western perceptions of Islam in Indonesia are often dominated by images of radical minorities seeking a shari'ah state. In reality, however, mainstream Islamic institutions have played an important part in the post-Soeharto process of democratization and institutional reform. Among them are Indonesia's Islamic courts, the Pengadilan Agama or Religious Courts. In a ground-breaking new Lowy Institute Paper Cate Sumner and Tim Lindsey explore how the Islamic courts have embraced reform within a judicial system notorious for corruption and incompetence, taking the lead in efforts to deliver decisions that are more accessible, transparent and fair, especially for women and the poor.

Southeast Asia in Search of an ASEAN Community Dec 30 2019 Talking about ASEAN, this volume reappraises the organization from the inside, through controversial or perplexing issues such as the ASEAN Way, the accession of the new members, including Myanmar, the principle of non-interference, regional security, regional economic integration, the haze and SARS, and ASEAN's future.

Dan juga dilengkapi contoh soal dan jawaban serta soal-soal latihan/tugas.

Qualitative Inquiry and Research Design Sep 06 2020 In the revised Fourth Edition of the best-selling text, John W. Creswell and new co-author Cheryl N. Poth explore the philosophical underpinnings, history, and key elements of five qualitative inquiry approaches: narrative research, phenomenology, grounded theory, ethnography, and case study. Preserving Creswell's signature writing style, the authors compare the approaches and relate research designs to each of the traditions of inquiry in a highly accessible manner. Featuring new content, articles, pedagogy, references, and expanded coverage of ethics throughout, the Fourth Edition is an ideal introduction to the theories, strategies, and practices of qualitative inquiry.

Jejak Esai Ekonomi Politik Dec 22 2021 Ekonomi politik adalah suatu interdisiplin Ilmu antara ilmu ekonomi dan politik. Ilmu ekonomi secara fungsional, tak bisa sebagai ilmu ekonomi murni an sich. Oleh sebab itu, butuh pelaku dan kebijakan. Dalam kaitan demikianlah, ekonomi dan politik mengalami elaborasi, sebagai suatu ekonomi politik dalam mencapai tujuan-tujuan tertentu. Tujuan dari ekonomi politik, adalah untuk merespons berbagai fenomena ekonomi yang terjadi. Fenomena yang meniscayakan ekonomi dan politik yang saling berinteraksi. Saling membutuhkan. Ekonomi membutuhkan politik dan aktor sebagai suatu policy dan policy maker. Di antaranya (ekonomi dan politik) berlandaskan pada sikap metodologis individu, bahwa apakah suatu peristiwa itu sebagai suatu ekonomi murni atau suatu ekonomi politik. Sudah satu dekade lebih penulis melewati proses konkret ekonomi politik di pusaran pengambil kebijakan. Proses tersebut memberikan perspektif dan dinamika bagi penulis yang terdeskripsi dalam buku ini sebagai jejak narasi ekonomi politik. Kendatipun buku ini merupakan antologi dari berbagai refleksi penulis di media mainstream dan lini masa, namun kondisi objektif yang direfleksikan secara keseluruhan, menggambarkan corak ekonomi politik dengan ulasan yang beragam. Dengan harapan, pembaca bisa menangkap maksud buku ini dari berbagai sisi peristiwa. Jejak Esai Ekonomi Politik ini diterbitkan oleh Penerbit Deepublish dan tersedia juga dalam versi cetak.

The ABCs of Metallica Jun 27 2022 An alphabetical history of one of rock's heaviest bands...Metallica! Featuring hard-rocking rhymes and bold illustrations, The ABCs of Metallica looks back at the remarkable history of one of rock 'n' roll's most celebrated groups. Each letter of the alphabet highlights a significant moment along the band's journey, from their humble Garage Days, to their numerous classic albums such as ...And Justice for All and Master of Puppets, to biographical information on the band members themselves. The book is sure to entertain young readers as well as diehard fans of all ages. A portion of the proceeds will benefit Metallica's All Within My Hands Foundation, which is dedicated to creating sustainable communities by supporting workforce education, the fight against hunger, and other critical local services.

The Will to Improve Dec 10 2020 The Will to Improve is a remarkable account of development in action. Focusing on attempts to improve landscapes and livelihoods in Indonesia, Tania Murray Li carefully exposes the practices that enable experts to diagnose problems and devise interventions, and the agency of people whose conduct is targeted for reform. Deftly integrating theory, ethnography, and history, she illuminates the work of colonial officials and missionaries; specialists in agriculture, hygiene, and credit; and political activists with their own schemes for guiding villagers toward better ways of life. She examines donor-funded initiatives that seek to integrate conservation with development through the participation of communities, and a one-billion-dollar program designed by the World Bank to optimize the social capital of villagers, inculcate new habits of competition and choice, and remake society from the bottom up. Demonstrating that the "will to improve" has a long and troubled history, Li identifies enduring continuities from the colonial period to the present. She explores the tools experts have used to set the conditions for reform—tools that combine the reshaping of desires with applications of force. Attending in detail to the highlands of Sulawesi, she shows how a series of interventions entangled with one another and tracks their results, ranging from wealth to famine, from compliance to political mobilization, and from new solidarities to oppositional identities and violent attack. The Will to Improve is an engaging read—conceptually innovative, empirically rich, and alive with the actions and reflections of the targets of improvement, people with their own critical analyses of the problems that beset them.

Class and Stratification Jul 29 2022 Inequality in its many forms is becoming an ever greater problem in modern society. The revised edition of this popular book explains why it is so important to understand class and stratification, and how the tools used to analyse these divisions can help us to understand and confront problems of inequality. This third edition of Class and Stratification has been extensively revised, expanded and updated, incorporating discussions of contemporary economic and social change. It includes discussions of political and economic neoliberalism and its impacts as well as developments in social theory, such as the emphasis on 'individualization' and the 'cultural turn'. New to this edition is a chapter focusing on 'cultural' approaches to class analysis, which together with established approaches are used to explore new developments in social mobility, educational opportunity, and social polarization. The book will be essential reading for upper-level undergraduate and postgraduate students in the social sciences seeking to understand the changing face of social inequality. By highlighting the damage increasing inequality is causing to the social fabric, the book reveals the important part class continues to play in our lives today.

Underground Jan 29 2020

A Journey Through Care of Magical Creatures Oct 20 2021 This non-fiction short-form eBook features content which is adapted from the audiobook Harry Potter: A History of Magic - inspired by the British Library exhibition of the same name. Well-known folkloric creatures like giants, dragons and merpeople, and lesser-known beings such as Acromantula and Hippogriffs, all play a key role in Harry Potter's journey. In the past, naturalists and explorers travelled the globe to encounter weird and wonderful creatures that enhanced our knowledge of the world and pushed forward the development of science. Nevertheless, it seems part of human nature to want to believe in the unbelievable: from the bestiaries and cabinets of curiosities of the medieval period onwards. We think that truth and myth are easily distinguished today, but magical creatures and the stories around them continue to fascinate us - and they are as central to the Harry Potter stories as Harry, Hermione and Ron. This eBook short examines the colourful characters and curious incidents of the real history of magic, and how they relate to the Hogwarts lesson subjects of Care of Magical Creatures. The history of magic is as long as time and as wide as the world. In every culture, in every age, in every place and, probably, in every heart, there is magic.

Indonesia and the Law of the Sea Oct 08 2020

International Mediation Aug 06 2020 Conflicts in the international system, both among and within states, bring death, destruction, and human misery. Understanding how third parties use mediation to encourage settlements and establish a durable peace among belligerents is vital for managing these conflicts. Among many features, this book empirically examines the history of post-World War II mediation efforts to: Chart the historical changes in the types of conflicts that mediation addresses and the links between different mediation efforts across time. Explore the roles played by providers of mediation in the international system - namely, individuals, states, and organizations - in managing violent conflicts. Gauge the influence of self-interest and altruism as motivating forces that determine which conflicts are mediated and which are ignored. Evaluate what we know about the willingness of parties in conflict to accept mediation, when and why it is most effective, and discuss the future challenges facing mediators in the contemporary world. Drawing on a wide range of examples from the Oslo Accords and Good Friday Agreement to efforts to manage the civil wars in Burundi, Tajikistan, and Bosnia, this book is an indispensable guide to international mediation for students, practitioners, and general readers seeking to understand better how third parties can use mediation to deal with the globe's trouble spots.

World Development Report 1978 Sep 30 2022 This first report deals with some of the major development issues confronting the developing countries and explores the relationship of the major trends in the international economy to them. It is designed to help clarify some of the linkages between the international economy and domestic strategies in the developing countries against the background of growing interdependence and increasing complexity in the world economy. It assesses the prospects for progress in accelerating growth and alleviating poverty, and identifies some of the major policy issues which will affect these prospects.

WJP Rule of Law Index 2015 Sep 26 2019 The rule of law provides the foundation for communities of opportunity and equity - communities that offer sustainable economic development, accountable government, and respect for fundamental rights. Executive Summary The World Justice Project (WJP) joins efforts to produce reliable data on rule of law through the WJP Rule of Law Index 2015, the fifth report in an annual series, which measures rule of law based on the experiences and perceptions of the general public and in-country experts worldwide. We hope this annual publication, anchored in actual experiences, will help identify strengths and weaknesses in each country under review and encourage policy choices that strengthen the rule of law. The WJP Rule of Law Index 2015 presents a portrait of the rule of law in each country by providing scores and rankings organized around nine factors: constraint on government powers, absence of corruption, open government, fundamental rights, order and security, regulatory enforcement, civil justice, criminal justice, and informal justice. These factors are intended to reflect how people experience rule of law in everyday life. The country scores and rankings for the WJP Rule of Law Index 2015 are derived from more than 100,000 household and expert surveys in 102 countries and jurisdictions. The Index is the world's most comprehensive data set of its kind and the only to rely solely on primary data, measuring a nation's adherence to the rule of law from the perspective of how ordinary people experience it. These features make the Index a powerful tool that can help identify strengths and weaknesses in each country, and help to inform policy debates, both within and across countries, that advance the rule of law.

Polyarchy May 15 2021 "A tightly woven explanation of the conditions under which cultures that do not tolerate political opposition may be transformed into societies that do."—Foreign Affairs "[Dahl's] analysis is lucid, perceptive, and thorough."—Times Literary Supplement Amidst all the emotional uproar about democracy and the widespread talk of revolution comes this clear call to reason—a mind-stretching book that equips the young and the old suddenly to see an ageless problem of society in a new and exciting way. Everything Dahl says can be applied in a fascinating way to the governing of any human enterprise involving more than one person—whether it is a nation-state, a political party, a business firm, or a university.

Four Theories of the Press May 03 2020 "Essays ... prepared in connection with a study of the social responsibilities of mass communicators ... [being conducted] for the Department of the Church and Economic Life of the National Council of Churches."

Edelweiss On The Blue Sky Nov 20 2021 Bagaimanakah Rasanya Mencintai dalam Diam ? Atau Sebaliknya bagaimana jika kita jadi orang yang dicintai dalam diam

tersebut, bagaimanakah komunikasi yang akan terjadi? Apalagi jika ternyata rasa itu tumbuh dalam lingkaran dekat kita sendiri, beginilah kisah yang dihadapi tiga sekawan ini, Adit, Firman dan Rangga adalah tiga mahasiswa asal Solo yang merantau ke Semarang dan berkuliah di Universitas Diponegoro, mereka kuliah di Tiga jurusan berbeda dan aktif di organisasi yang berbeda, mereka tinggal di satu kontrakan yang sama dan menjalani hari-hari perkuliahan dengan semua dinamikanya. Tiga orang sahabat ini memiliki cara sendiri dalam menyikapi problem Roman dan Cita-Cita diantara mereka. Rangga terlibat dalam hubungan yang rumit dengan Safira, teman kuliahnya sejurusan di Kedokteran yang juga merupakan teman SMAnya juga. Di tengah fase koass akhirnya Rangga mengungkapkan keinginannya untuk menikahi Safira, Rangga dihadapkan pada dilema antara melanjutkan Sekolah ke luar negeri atau menyempurnakan rasa cintanya. Adit berkenalan dengan Adzkie di sebuah toko buku yang kemudian berlanjut dengan pertemuan-pertemuan lain di aktivitas organisasi Kampus, kenangan buruk Adit semasa SMA membuatnya terlibat dalam hubungan canggung dengan Adzkie, sementara Firman yang merupakan anak Lembaga Dakwah Kampus alias Rohis merupakan pihak yang menjadi penasihat dalam urusan buat dua sahabatnya ini. Saat menjabat ketua BEM Universitas, Adit bertemu kembali dengan Rista sosok dari masa SMAnya yang sangat dia hindari sebelumnya. Dalam sebuah peristiwa semua orang ini akhirnya terpaksa bertemu kembali untuk menyelesaikan urusan-urusan antara mereka yang belum selesai satu sama lain. Novel ini merekam perjalanan kisah para mahasiswa tadi sejak awal kuliah, riset, aktivitas organisasi dan konflik-konflik didalamnya sampai akhirnya mereka memasuki dunia pasca kampus yang jauh tak kalah rumit, kita akan dipaksa menyelami kehidupan roman para aktivis kampus yang rumit, berliku dan penuh menjaga rahasia serta dengan segala intriknya. Pada Akhirnya muncul sebuah tanya, apakah kita tetap bisa berteman dengan biasa saja tanpa melibatkan perasaan satu sama lain? Kisah dalam novel ini fiksi semata, namun dialog-dialog didalamnya sebagian terinspirasi kisah nyata yang terekam dalam memori penulis. Selamat membaca dan merayakan suka dan luka

Inside Obama's Brain Jul 05 2020 "Never has the world needed strong and wise American leadership more than it does now. Abramsky's eminently readable description of Obama's personal gifts makes it clear that he is remarkably suited to be the president the moment requires." -Former New York Governor Mario M. Cuomo From the moment he burst onto the national political scene, Barack Obama has fascinated people more than any politician in decades. Many biographers have already retold his story, but no previous book truly explains how his mind works, what passions drive him, or what makes him such an effective leader. This concise profile explores the ideas, inspirations, and experiences that have shaped the president. It quotes a wide network of sources, including many who broke long-standing vows of silence to offer their candid and surprising observations. Award-winning journalist Sasha Abramsky interviewed close to one hundred of Obama's current and former friends, colleagues, classmates, teachers, staff, mentors, basketball buddies, fellow Chicago activists, media consultants, editors, and even his next-door neighbors from Hyde Park. These people each know a part of Obama's life and career, which the author blends the pieces into a uniquely detailed analysis. Abramsky explains the origins of Obama's extraordinary poise, focus, and self-confidence; his powerful storytelling and speaking skills; and his empathetic listening style. He shows why Obama's experiences as a community organizer are widely misunderstood and more influential than many people realize. And he explores how Obama found a unique way to bridge America's racial divides. No previous book has delved so deeply into the events and people that helped make Barack Obama the man he is today.

Genetics and Society Mar 01 2020 Genetic science has advanced rapidly. This work looks at the history of this science and the wide-ranging impact it has had on contemporary society.

Who Built the Moon? Jul 17 2021 Thought-provoking' - Daily Mail The moon has confounded scientists for many years. It does not obey the known rules of astrophysics and there is no theory of its origin that explains the known facts - in fact it should not really be there. When researching the ancient system of geometry and measurement used in the Stone Age that they discovered in their previous book, *Civilization One*, the authors discovered to their great surprise that the system also works perfectly on the Moon! On further investigation, they found a consistent sequence of beautiful integer numbers when looking at every major aspect of the Moon - no pattern emerges for any other planet or moon in the solar system. For example, the Moon revolves at exactly one hundredth of the speed that the Earth turns on its axis; the Moon is exactly 400 times smaller than the Sun and is precisely 400 times closer to the Earth. They also discovered that the Moon possesses little or no heavy metals and has no core, in fact many specialists suspect that the Moon is hollow. If our Moon did not exist - nor would we. Experts are now agreed that higher life only developed on Earth because the Moon is exactly what it is and where it is! When all of the facts are dispassionately reviewed, it becomes unreasonable to cling to the idea that the Moon is a natural object. The only question that remains is who built it?

Islam, the Faith of Love and Happiness Jun 15 2021 "This practical book presents the inner depths of Sufi teachings in a way that is directly relevant to our constant efforts to reach for happiness."—Professor Komaruddin Hidayat, Islamic scholar and bestselling author of *Life's Journey* "When we peer inside our souls and still cannot find happiness, we must dig even deeper. This book is like a whetstone that sharpens our abilities to uncover true happiness from within."—Gobind Vashdev, spiritual teacher and bestselling author of *Happiness Inside* ". . . mercy and compassion lie at the heart of the religious quest and this message is vitally important in our dangerously polarized world."—Karen Armstrong, author of the bestselling books, *Muhammad: A Prophet for Our Time*, *Islam: A Short History*, *A History of God* and *Fields of Blood* "Islam, the Faith of Love and Happiness offers an antidote . . . by presenting the heart of Islam, the extent to which Islam, the Qur'an and Muhammad offer a message of love and happiness."—John L. Esposito, Professor of Islamic Studies, Georgetown University Through touching stories, humorous anecdotes, and profound insights into the spiritual realm that draw on sacred Islamic teachings, Dr. Haidar Bagir shines a brilliant light into the darkness that all too often overwhelms us. Consisting of twenty-nine short, inspirational chapters, this work will take you on a spiritual quest to overcome the maladies of your soul and help you experience true happiness. Haidar Bagir is an influential Islamic scholar and spiritual master based in Indonesia. He earned his MA from Harvard University and his PhD in Philosophy from the University of Indonesia. He has been listed among the 500 Most Influential Muslims by The Royal Islamic Strategic Studies Centre for several years in a row. He has written a number of popular books, his most recent being *Learning to Live from Rumi*.

The Birdwoman's Palate Mar 25 2022 In this exhilarating culinary novel, a woman's road trip through Indonesia becomes a discovery of friendship, self, and other rare delicacies. Aruna is an epidemiologist dedicated to food and avian politics. One is heaven, the other earth. The two passions blend in unexpected ways when Aruna is asked to research a handful of isolated bird flu cases reported across Indonesia. While it's put a crimp in her aunt's West Java farm, and made her own confit de canard highly questionable, the investigation does provide an irresistible opportunity. It's the perfect excuse to get away from corrupt and corrosive Jakarta and explore the spices of the far-flung regions of the islands with her three friends: a celebrity chef, a globe-trotting "foodist," and her coworker Farish. From Medan to Surabaya, Palembang to Pontianak, Aruna and her friends have their fill of local cuisine. With every delicious dish, she discovers there's so much more to food, politics, and friendship. Now, this liberating new perspective on her country--and on her life--will push her to pursue the things she's only dreamed of doing.

The Act of Creation Nov 28 2019 "First published by Hutchinson & Co. 1964"--Page 6.

Disobedience and Democracy Jan 11 2021 Howard Zinn's cogent defense of civil disobedience with a new introduction by the author. In this slim volume, Zinn lays out a clear and dynamic case for civil disobedience and protest, and challenges the dominant arguments against forms of protest that challenge the status quo. Zinn explores the politics of direct action, nonviolent civil disobedience, and strikes, and draws lessons for today.

The Art of Discarding Feb 09 2021 The original Japanese edition of *The Art of Discarding*, titled *Suteru! Gijutsu*, was published in 2000 and became an overnight sensation - selling a million copies in six months and inspiring a young Marie Kondo. The book has since become a multimillion-copy international bestseller, but it has never been translated into English, until now. In this guide to living a calmer, more ordered life, renowned author Nagisa Tatsumi teaches us how letting go of unwanted things will transform our day-to-day happiness. The book offers practical advice and techniques to help readers learn to let go of stuff that is holding them back, as well as tips for acquiring less in the first place. It's time to live with less.

Media Now Aug 25 2019 The book addresses the main media channels in society, their interdependence in light of emergent technologies, foundation theories, and traditional concepts. This book has been revised to offer increased coverage of culture and media and the political economies of media.

The Valley of Adventure Aug 30 2022 Enid Blyton's much-loved classic series, packed full of adventure and mystery. Philip, Dinah, Lucy-Ann and Jack are going for a night flight on Bill's plane and soon find themselves flying into a truly amazing adventure. What has happened to Bill? Who are the two strange pilots, and what is the secret treasure hidden somewhere in the lonely valley the children have landed in? First published in 1947, this edition contains the original text and is unillustrated.

Media Programming Nov 08 2020 This book is primarily about television and radio and it focuses on entertainment and informational programs coming to viewers as pre-produced units of content. -Pref. [This book] provides students with ... information on the techniques and strategies used in the programming industry. [This] text covers all aspects of media programming for broadcast and cable television, radio, and the Internet ... The authors explore how programs (units of content) are selected (or not selected), how programs are arranged in schedules of various kinds, how programs are evaluated by the industry, and how they are promoted to audiences and advertisers. The book also delves into the limits of media programming arising from technology, regulations, policies, and marketing needs, as well as how things like human attention spans, lifestyle patterns and economics determine the availability and arrangement of media entertainment content. -<http://www.wadsworth.com>.

World Development Report 2020 Nov 01 2022 Global value chains (GVCs) powered the surge of international trade after 1990 and now account for almost half of all trade. This shift enabled an unprecedented economic convergence: poor countries grew rapidly and began to catch up with richer countries. Since the 2008 global financial crisis, however, the growth of trade has been sluggish and the expansion of GVCs has stalled. Meanwhile, serious threats have emerged to the model of trade-led growth. New technologies could draw production closer to the consumer and reduce the demand for labor. And trade conflicts among large countries could lead to a retrenchment or a segmentation of GVCs. *World Development Report 2020: Trading for Development in the Age of Global Value Chains* examines whether there is still a path to development through GVCs and trade. It concludes that technological change is, at this stage, more a boon than a curse. GVCs can continue to boost growth, create better jobs, and reduce poverty provided that developing countries implement deeper reforms to promote GVC participation; industrial countries pursue open, predictable policies; and all countries revive multilateral cooperation.
