Strela Senjaya: A Simple Woman With A Golden Heart May 27 2022 Strela Senjaya, dokter gigi dan pendiri Sekolah Stella Maris, adalah sosok perempuan yang menaburkan cintanya untuk anak-anak yang kehilangan sosok ayah dan ibu. Dia merawat dan membesarkan mereka yang sebatang kara, yang haus kasih sayang dan merasa sendirian, yang dengan berbagai alasan ditinggalkan orangtua kandung mereka. Strela mengangkat anak-anak yang merasa "tidak diinginkan" dan mengembalikan harkat mereka; tidak ada kehadiran seorang anak yang tidak dikehendaki oleh Tuhan. Strela memberikan mereka sebuah keluarga—keluarganya sendiri. Strela percaya Tuhan punya rencana yang indah untuk anak-anak ini. Dia menjadikan mereka sosok yang mandiri. Strela melakukan itu ketika dia dan keluarganya belum mapan, masih sibuk membanting tulang untuk menghidupi keluarga dan membesarkan kedua putranya seorang diri. Pada awalnya, tujuan Strela mendirikan Sekolah Stella Maris adalah agar pendidikan anak-anak asuh yang dirawat dan dibesarkannya terjamin. Namun, mukjizat terjadi. Tuhan memberkati apa yang dilakukan Strela Senjaya dan "mengembalikan" kemurahan hatinya melalui Sekolah Stella Maris. Sekolah itu berkembang pesat dan menjadi salah satu sekolah unggulan yang bisa dibanggakan di kawasan Serpong saat ini. *** "If you find it in your heart to care for somebody else, you will have succeeded." —Maya Angelou "Saya percaya Ibu Strela adalah 'malaikat' yang diutus Tuhan untuk menyelamatkan anak-anak yang 'dibuang' oleh orangtua mereka dengan berbagai sebab." —ANDY F

NOYA, Host "Kick Andy" "Lima hal yang saya pelajari dari Mama: keuletan, kerja keras, risk taker, rajin berdoa, dan suka menolong." —MICHEL SENJAYA, putra sulung Strela Senjaya "Tante Strela sangat memperhatikan orang-orang yang berkekurangan. Bila pasiennya orang berkekurangan, dia akan memberi potongan harga, bahkan tidak jarang menggratiskan biaya pemeriksaan. Menolong orang lain yang kesusahan membuat Tante Strela terlihat amat hidup dan penuh semangat." —IRENE SOEWARNI, keponakan Strela Senjaya "Ibu Strela seperti pensil yang digunakan Tuhan untuk menulis KebajikanNya. Ibu Strela punya hati yang luar biasa: mengangkat anak-anak yang terbuang dan mengembalikan mereka dalam keadaan terhormat." —KAMILIUS INGULIMAN, Kepala Sekolah Stella Maris BSD

Discovering Design Feb 09 2021 Discovering Design reflects the growing recognition that the design of the everyday world deserves attention not only as a professional practice but as a subject of social, cultural, and philosophic investigation. Victor Margolin, cofounder and an editor of the journal Design Issues, and Richard Buchanan, also an editor of the journal, bring together eleven essays by scholars in fields ranging from psychology, sociology, and political theory to technology studies, rhetoric, and philosophy. The essayists share the editors' concern, first made clear in Margolin's Design Discourse: History, Theory, Criticism, with the the development of design studies as a field of interdisciplinary research. The contributors (Gianfranco Zaccai, Albert Borgmann, Richard Buchanan, Augusto Morello, Tufan Orel, Nigel Cross, Victor Margolin, Langdon Winner, Carl Mitcham, Tony Fry, and Ezio Manzini) focus on three broad themes that form a sequence of fundamental issues: how to shape design as a subject matter, how to distinguish the activity of designing in the complex world of action, and how to address the basic questions of value and responsibility that persistently arise in the discussion and practice of design. The editors' introduction provides a useful overview of these questions and offers a multidisciplinary framework for design studies. The essays discuss such topics as the relation of aesthetics to technology, the place of design in social action, the role of the consumer in design decisions, and the need for ethical practice in contemporary design. Manzini's concluding essay shows how the issue of ethics should connect responsible behavior to decisions made every day in the manufacture of objects.

A Brief History Of Castration Jan 11 2021 Victor T. Cheney has just published a BRIEF HISTORY OF CASTRATION 2nd EDITION. This book contains a five page index plus a two page glossary with numerous footnotes to aid the curious history buff and serious researcher. Readers unfamiliar with this subject (which is most of us) will be surprised to learn how important this operation was to many cultures of the world in times past, and to a lesser extent, even today. In Italy thousands of young boys were castrated to prepare their voices for the opera. In Arab lands slaves (both black and white) were castrated in order to become harem guards. Chinese emperors found castrated males to be extremely reliable for treasurers and other governmental posts. In the past their operation was very dangerous and many died from infections. But it also had its beneficial side effects. The average castrated male lives 15 years longer than "normal" men. This is because harmful hormones and other impediments were removed from the man's system. For instance, one cannot get testicular cancer if he has no testicles. Many ancient religions, as well as the early Christians, used their religious duties unhampered by impure thoughts and immoral deeds. Though Christians gradually abandoned this practice some breakaway groups continued to castrate young men in Russia and elsewhere even in this 20th century. The author believes that castration can still play an important role in modern society. He shows that it can be used to prevent serious crimes, diseases, and the loss of vital spiritual and moral values.

Design Roots Apr 13 2021 Design Roots provides a comprehensive review of culturally significant designs, products and practices which are rooted to particular communities through making tradition and a sense of place. Many rich traditional practices associated with community, tacit knowledge and culture are being rapidly lost due to globalisation and urbanisation. Yet they have much to offer for the future in terms of sustainability, identity, wellbeing and new opportunities in design. This book considers the creative roots, the place-based ecologies, and deep understandings of cultural significance, not only in terms of history and tradition but also in terms of locale, social

interactions, innovation, and change for the sustainment of culturally significant material productions. Importantly, these are not locked in time by sentimentality and nostalgia but are evolving, innovative, and adaptive to new technologies and changing circumstances. Contributing authors explore the historical roots of culturally significant designs, products and practices, emerging directions, amateur endeavours, enterprise models, business opportunities and the changing role and contribution of design in the creation of material cultures of significance, meaning and value. An international perspective is provided through case studies and research from North and South America, Africa, Europe, Asia and Australasia, with examples including Aran jumper production in Northern Ireland, weaving in Thailand, Iranian housing design, Brazilian street design and digital crafting in the United Kingdom.

Penulis hanya ingin mengajak pembaca untuk menjadi lebih baik dalam menjalani kehidupan masing-masing, baik sebagai remaja, pemuda, maupun orang tua dalam menjalani kehidupan masing-masing, baik sebagai remaja, pemuda, maupun orang tua dalam setiap bidang kehidupan yang dijalani: entrepreneur, profesional, birokrat, politisi ataupun seniman, artis, dan sebagainya. Meskipun sebagian besar kita mungkin tidak dapat menerima prinsip-prinsip yang disampaikan SANG GURU disini, sekali lagi tidak ada yang mutlak dalam hidup ini, demikian juga dengan prinsip-prinsip hidup sukses yang selama ini kita pelajari dari para selebriti kesuksesan yang menganggap dirinya sebagai pemenang dalam kehidupan. Kita diciptakan untuk menjalani dan menikmati kehidupan ini bukan untuk membandingkannya dengan kehidupan saudara kita yang lain.

The System of Professions Sep 06 2020 In *The System of Professions* Andrew Abbott explores central questions about the role of professions in modern life: Why should there be occupational groups controlling expert knowledge? Where and why did groups such as law and medicine achieve their power? Will professionalism spread throughout the occupational world? While most inquiries in this field study one profession at a time, Abbott here considers the system of professions as a whole. Through comparative and historical study of the professions in nineteenth- and twentieth-century England, France, and America, Abbott builds a general theory of how and why professionals evolve.

Arya Winters and the Tiramisu of Death Mar 13 2021 Arya Winters is your typical cozy heroine. She lives in a cottage in a small English village, and bakes for a living - well, she specializes in macabre desserts. She has nosy neighbors, who she avoids ruthlessly due to her social anxiety. And she has a keen interest in all things sexy, especially Branwell Beam, the writer next door. When her neighbor Tobias Yards turns up dead after eating poisoned tiramisu (definitely not poisoned when she baked it), no one seems to connect it to Arya's Auntie Meera's recent death. Instead, they blame her excruciatingly average ex-boyfriend—and Tobias's nephew—and so she takes matters into her own hands. Now all she has to do to uncover the truth is to get over her aversion to Other People. Besides that, it's just a matter of getting beyond some yellow tape, dodging her former BFF Tallulah from secondary school, and getting into Branwell's pants—he seems strangely reluctant. What Arya doesn't realize is that the murderer is dangerous, preying on lonely people who've experienced trauma, and that she might have to do all she can not to become the next victim.

Glokalisasi Aug 18 2021 Dua gerakan anti-globalisasi yang masih punya stamina tinggi—gerakan kiri dan terorisme—bisa dikatakan tak berhasil menghambat globalisasi neoliberal. Keduanya bak lagu patah hati campursari: menitipkan pesan kegetiran dan lara ati akibat globalisasi, namun tetap saja ditinggal pergi, bahkan mungkin dijogeti. Menariknya, pelaku kekerasan dalam globalisasi beragam; dari korporasi, negara-bangsa, bahkan komunitas. Negara yang harusnya melindungi warga, atas nama kebijakan neoliberal, bisa jadi malah menindas warganya. Dengan kelengkapan aparatusnya, negara bisa memanipulasi proses pengambilan keputusan agar seolah partisipatif dan demokratis, dan secara bersamaan bermain mata dengan korporasi global atau komunitas Buku ini merupakan kumpulan karya para pengajar Hubungan Internasional, FISIP, Universitas Brawijaya. 12 tulisan dalam buku ini berupaya menyoroti dan mendiskusikan bagaimana lokal berinteraksi dan merespons kekuatan global. Keragaman temanya terentang dari soal gerakan sosial (koperasi, lingkungan, perempuan), pemberdayaan komunitas dan ekonomi lokal, pandemi dan keamanan, pos-nasionalisme, hingga kajian tentang partisipasi dan metode melakukan penelitian glokalisasi.

David Napitupulu dan Pergantian Dua Rezim - Biografi Politik Seorang Tokoh Demonstran

66 Jan 23 2022 Buku ini menghadirkan sosok David Napitupulu, tokoh yang hidup dan berperan besar di kancah politik dua rezim berbeda, yakni Orde Lama dan Orde Baru, dengan komprehensif, dari berbagai sudut pandang atau perspektif, secara mendalam, dalam sebuah buku biografi. Buku ini dapat dijadikan sebagai bagian dari collective memory bangsa, agar bangsa Indonesia tidak kehilangan jejak sejarah politik mengenai jati dirinya. Sebagaimana, di waktu lalu, Soekarno, salah satu pendiri negeri ini, telah mengingatkan bahwa hanya bangsa yang besar yang dapat menghargai para pahlawannya! Membiarkan cerita perjalanan hidup salah seorang tokoh demonstran 66, David Napitupulu, yang kemudian hidup menjadi bagian dari belantara politik nasional hingga akhir Orde Baru dan awal Orde Reformasi tetap dalam wujud cerita lisan (oral history), amat riskan terlupakan dalam dua hingga tiga generasi berikutnya, karena terbatasnya daya ingat manusia. Sejak semula, buku biografi ini tidak dimaksudkan untuk sekadar mengungkapkan tentang siapa David Napitupulu yang pernah menjadi salah satu politikus nasional dalam era dan dasawarsa politik yang berbeda, yang juga telah mewarnai haru-biru panggung politik nasional. Buku biografi ini membahas peran David secara kritis, bahkan dalam berbagai peristiwa yang dikatakan masih abu-abu dan tanpa penjelasan sebelumnya sama sekali, dalam setiap rezim yang pernah hadir menyertainya di periode Orde Lama Soekarno, Orde Baru Soeharto, dan awal Orde Reformasi. Karena itulah, buku biografi David Napitupulu ini sejak awal disusun dan ditujukan sebagai sebuah buku biografi politik, yang mengungkapkan sepak terjangnya di akhir keruntuhan Orde Lama, kebangkitan Orde Baru hingga keruntuhannya, sampai terbitnya fajar reformasi.

Kinship in Bali Oct 27 2019 This work constitutes the first book-length examination of Balinese kinship in English and an important theoretical analysis of the central ethnographic concept of "kinship system." Hildred and Clifford Geertz's findings challenge the prevailing anthropological notion of a kinship system as an autonomous set of institutionalized social relationships. Their research in Bali suggests that kinship cannot be studied in isolation but must be perceived as a symbolic subsystem governed by ideas and beliefs unique to each culture.

Indonesia beyond the Water's Edge Apr 01 2020 Indonesia is the world's largest archipelagic state, with more than 18,000 islands and over 7.9 million square kilometres of sea. The marine frontier presents the nation with both economic opportunities and political and strategic challenges. Indonesia has been affected more than most countries in the world by a slow revolution in the management of its waters. Whereas Indonesia's seas were once conceived administratively as little more than the empty space between islands, successive governments have become aware that this view is outmoded. The effective transfer to the seas of regulatory regimes that took shape on land, such as territoriality, has been an enduring challenge to Indonesian governments. This book addresses issues related to maritime boundaries and security, marine safety, inter-island shipping, the development of the archipelagic concept in international law, marine conservation, illegal fishing, and the place of the sea in national and regional identity.
