The Ethics of Microaggression Mar 13 2021 Slips of the tongue, unwitting favoritism, and stereotyped assumptions are just some examples of microaggression. Nearly all of us commit microaggressions at some point, even if we don't intend to. Yet over time a pattern of microaggression can cause considerable harm by reminding members of marginalized groups of their precarious position. The Ethics of Microaggression is a much needed and clearly written exploration of this pervasive yet complex problem. What is microaggression and how do we know when it is occurring? Can we be held responsible for microaggressions and if so, how? How has social media affected the problem? What role can philosophy play in understanding microaggression? Regina Rini explores these highly topical and controversial questions in an engaging and fair-minded way, arguing that an event is a microaggression precisely because it causes a marginalized person to experience an ambiguous encounter with oppression. She illustrates her argument with compelling examples from media, politics, and psychology and explains the significance of essential concepts, such as media representation, reparative renaming, and safe spaces. The Ethics of Microaggression explains what microaggression is and offers strategies for combating it. Assuming no prior knowledge of the topic or philosophy, it demystifies a controversial and extremely important topic in clear language. It is ideal for anyone coming to the topic for the first time and for students in philosophy, gender studies, race theory,

disability theory, and social and political philosophy.

Drawn to Life Apr 13 2021 Drawing the line is the oldest form of visual artistic expression known to man, from pre-historic cave drawings onwards. Every culture in the world, across continents and time-frames, has a rich store of traditional art which is drawing-based. The power of the line to enclose or open up space, create or suggest form, is almost infinite. And the artist uses drawing in an infinite number of ways. Some might draw as practice, to strengthen or develop technique, to keep private visual notes, as experimental and exploratory exercises; others make a drawing as a finished work in its own right. Rini Dhumal does all of the above. One only has to look through her sketchbooks to see this. Piles of sketchbooks yield a forest of pages covered with drawings that cross years and continents. There is history here, and geography, nature and culture. Drawing upon a storehouse of historical details, the splendours of her childhood, and anecdotal references from various travels, she creates a vivid aesthetic in her art-making.

A Guy from Brooklyn Sep 06 2020 Like the acclaimed television series, *The Sopranos*, *A Guy from Brooklyn* offers a keen insight into the complexity of human nature. Unlike the mafia *Don*, however, Guy Lorenzos life-defining journey leads him from the tough Brooklyn streets to the hallowed halls of academia. While reminiscent of the great European novels of development, *A Guy from Brooklyn* is pure Americana, often simultaneously solemn and hilarious, and always thought provoking.

Intrusion Detection Networks Oct 08 2020 The rapidly increasing sophistication of cyber intrusions makes them nearly impossible to detect without the use of a collaborative intrusion detection network (IDN). Using overlay networks that allow an intrusion detection system (IDS) to exchange information, IDNs can dramatically improve your overall intrusion detection accuracy. Intrusion Detection Networks: A Key to Collaborative Security focuses on the design of IDNs and explains how to leverage effective and efficient collaboration between participant IDSs. Providing a complete introduction to IDSs and IDNs, it explains the benefits of building IDNs, identifies the challenges underlying their design, and outlines possible solutions to these problems. It also reviews the full-range of proposed IDN solutions—analyzing their scope,

topology, strengths, weaknesses, and limitations. Includes a case study that examines the applicability of collaborative intrusion detection to real-world malware detection scenarios Illustrates distributed IDN architecture design Considers trust management, intrusion detection decision making, resource management, and collaborator management The book provides a complete overview of network intrusions, including their potential damage and corresponding detection methods. Covering the range of existing IDN designs, it elaborates on privacy, malicious insiders, scalability, free-riders, collaboration incentives, and intrusion detection efficiency. It also provides a collection of problem solutions to key IDN design challenges and shows how you can use various theoretical tools in this context. The text outlines comprehensive validation methodologies and metrics to help you improve efficiency of detection, robustness against malicious insiders, incentive-compatibility for all participants, and scalability in network size. It concludes by highlighting open issues and future challenges.

United States Army in WWII - the Pacific - Victory in Papua Sep 18 2021 [Includes 23 maps and 95 illustrations] This is a companion volume to the one on Guadalcanal in the series on the war in the Pacific. Both record the operations designed to halt the advance of the enemy toward the vital transpacific line of communications with Australia and secure Australia as a base. Success in Papua and Guadalcanal, achieved in February 1943, put the Allied forces in a position to neutralize Rabaul and, this accomplished, to advance to the Philippines. The present volume concentrates on the action of one United States Army division. In telling the story of a comparatively limited number of troops, the author has been able to present the combat experience of small units in sharper focus than has been possible in most of the other full-scale campaign volumes. The campaign abounds in lessons. The strategic significance of the Papuan Campaign can be briefly stated. In addition to blunting the Japanese thrust toward Australia and the transpacific line of communications, it put General MacArthur's forces in a favorable position to take the offensive. But this little known campaign is significant for still another reason. It was the battle test of a large hitherto-inexperienced U. S. Army force and its commanders under the conditions which were to attend much of the ground fighting in the Pacific. Costly in casualties and suffering, it taught lessons that the Army had to learn if it was to cope with the Japanese under conditions of tropical warfare.

Jezebel Aug 25 2019 Translated from the Malayalam by Abhirami Girija Sriram and K.S. Bijukumar Jezebel, a young doctor in Kerala, struggles against the cruel realities of a patriarchal world-realities that not even her education, resolve or professional brilliance can shield her from. Her already contentious divorce proceedings go suddenly awry, and her unhappy marriage holds complex secrets. In K.R. Meera's blistering new novel, which takes the form of a courtroom drama to show us the rich inner worlds of its characters, we see Jezebel reflect on her life and its pivotal points as she takes the stand. Through her memories, we see her grow from a reticent, serious young woman to a rebel who refuses to bend to the conventions of society. Like the Biblical story of Queen Jezebel, who was much maligned as a scheming harlot and infamously thrown to her death from her palace window, Jezebel is a novel that asks if independent women can ever live lives that are free of judgement K.R. Meera's hypnotic prose, in this elegant translation from the Malayalam by Abhirami Girija Sriram and K.S. Bijukumar, makes resonant allusions to the Bible in powerful ways that elucidate the correlations between legend and the protagonist's life while also exploring how sexuality and gender roles are manipulated by the dictates of society.

Marriage, Gender and Islam in Indonesia Jun 27 2022 Marriage is central to Indonesia's social fabric and critical in defining socially legitimate relationships. This book offers a rich anthropological account of Muslim Indonesian women's experiences of courtship, love, marital discord and separation, polygamy, divorce and remarriage. By applying a new approach to theorising marital experiences as playing out across a dynamic marital continuum, it expands static and dichotomous understandings of marriage and divorce. It offers new insights on how local modalities of Islam shape gender relations and are actively negotiated by women in pursuing their marital desires. The book draws upon ethnographic case studies from the eastern Indonesian island of Lombok where early marriage, divorce and remarriage, are common place for Muslim women. In this context up to 70 per cent of marriages are legitimated through Islamic ceremonies and remain unregistered with the state. While these unregistered marriages are legally valid

within the communities in which they occur, such unions exclude women from accessing the marital rights theoretically enshrined in Indonesian marriage law. A key contribution of this book lies in its exploration of legal plurality in relation to Indonesian marriage, which involves investigating the salience of Islamic law, local customary law and state law, for women's varied marital trajectories.

Like a Meteor Blazing Brightly Nov 20 2021 Ulric Dahlgren was a brilliant, ambitious young man who became the youngest full colonel in the United States Army at the age of twenty-one, yet died before his twenty-second birthday. This is the first biography of Dahlgren, and thankfully it was penned by cavalry expert and award-winning author Eric J. Wittenberg. Wittenberg's account chronicles Dahlgren's full life story, with a deep look at his military career and extensive connections within the nation's capital, all of which led to the climax of his life: the notorious Dahlgren Raid. Like a Meteor Burning Brightly: The Short but Controversial Life of Colonel Ulric Dahlgren is based upon a plethora of source material, including previously unknown or little-used archival sources. Anyone interested in the Civil War in general, or just a fascinating life well-told, will want this book on their shelf.

Heteronormativity, Passionate Aesthetics and Symbolic Subversion in Asia Dec 30 2019 This book examines life trajectories among three categories of women living beyond the bounds of heteronormativity in Jakarta and Delhi, two major cities with substantively different religious and social values: women who have lost their husbands, either through divorce or death; sex workers; and young, urban lesbians. Delhi has a large Hindu majority and a sizeable Muslim minority, amongst other religious and cultural pluralities. The Indian state is constitutionally committed to secularism and equal respect to all regions despite right-wing Hindu fundamentalism. Jakarta is the capital of a sprawling archipelago with a large variety of ethnic cultures, Indonesia having the largest Muslim population of the world, as well as sizeable ethnic and religious minorities comprising Christians, Hindus, Buddhists and others. The Indonesian state is constitutionally secular, but religion plays a large role in public life and is embedded in regulations that strongly impact people's private lives. Recently, there have been strong political currents to impose stricter Islamic codes. The public arena of sexual politics, in which the media play an important role, is explored in both cities. Hot sex is a major media selling point, particularly in Indonesia.

Heteronormativity entails a system of symbolic violence in the sense that it punishes those that it excludes and polices those that it includes; the ways its powers are subverted are likewise symbolic. Passionate aesthetics refers to the dynamics, motivations, codes of behavior and presentation, subjectivities and identities that together make up the complex workings of erotic attraction, sexual relations and partnerships patterns. By charting the lives of women who live beyond the boundaries of the heteronormative, commonalities are revealed; boundaries and regulatory mechanisms in the context of symbolic violence are delineated; and the issue of the struggle for sexual rights for marginalised groups, and their open rebellion, brought to the fore. At the heart of the book lies elaboration of the ways Asian families are constructed -- their social, economic, sexual and religious agency, and how these engage with state-led values.

Everyday Renaissances Sep 30 2022 Revealing an Italian Renaissance beyond Michelangelo and the Medici, Sarah Gwyneth Ross recovers the experiences of everyday people who were inspired to pursue humanistic learning. Physicians were often the most avid professionals seeking to earn the respect of their betters, advance their families, and secure honorable remembrance after death.

Tuked Rini, Cosmic Traveller Aug 18 2021 This innovative and visually engaging study presents a legend from Borneo in which the Kelabit hero Tuked Rini ventures out into the cosmos to do battle in remote spirit-laden places, returning to his wife with the heads of his enemies.

Accompanied by audio material and additional resources that will be developed on a companion website, the work uses the legend to explore Kelabit ideas about life and cosmology - ideas of power or life force, the world of women centred on rice-growing and the relationship of men with the wild. Especially innovative is the way it brings together an orally told legend and a highly visually-oriented exploration of the way of life of the people who tell it.

Swimming with Sharks Jul 05 2020 Swimming with Sharks is an allegorical title to tell a story in which characters and events symbolize the deeper, underlying meaning. This is not a fish tale. It is an adult story about sales and those who practice it today much like the drummer man of old. Among them is a satyr defined as a grossly lustful man. In Greek and Roman mythology it is a man in human form but having a goat's ears, tail and legs. The dolphin reflects playfulness, innocence and love.
